

Post Secondary Indigenous Programs and Services

This is a resource guide identifying Indigenous programming and services offered at Canadian colleges and universities, some of which are members of the Indigenous Education Protocol for Colleges and Institutes (IEDPCI). Institutions that offer training in Law Enforcement (Policing and Law) have been highlighted for those interested in this career choice.

What is a Bursary?

*A bursary an amount of money that a student is given to help pay for college or university studies. Students may need to meet additional conditions for a bursary.*¹

What is a Scholarship?

*A scholarship is an award of financial aid for a student to further their education. Scholarships are awarded based upon various criteria, which usually reflect the values and purposes of the donor or founder of the award. Scholarship money is not required to be repaid by the student.*²

What is a Student Loan?

*A student loan is offered through the Canada Student Loan Program when their application meets the established requirements for financial need. There is a maximum amount that can be received. Upon graduation, the loan amount plus interest is payable back to the government.*³

What is the Indigenous Education Protocol for Colleges and Institutes(IEPCI)?

This protocol is based on seven principles on which Colleges and Institutes agree:

1. Commit to making Indigenous education a priority.
2. Ensure governance structures recognize and respect Indigenous peoples.
3. Implement the intellectual and cultural traditions of Indigenous peoples through curriculum and learning approaches relevant to learners and communities.
4. Support students and employees to increase understanding and reciprocity among Indigenous and non-Indigenous peoples.
5. Commit to increasing the number of Indigenous employees with ongoing appointments throughout the institution, including Indigenous senior administrators.
6. Establish Indigenous-centered holistic services and learning environments for learner success.
7. Build relationships and be accountable to Indigenous communities in support of self-determination through education, training and applied research.⁴
